ANCIENT RITUALS FROM CEYLON

Ancient beauty secrets from Old Ceylon

Welcome to a world where ancient wisdom is infused with modern science and the purest of exotic and local ingredients. Where bygone recipes and methodologies live on in contemporary experiences that keep traditional benefits intact. Where the vibratory energy of nature is transferred to your body, mind and soul. Where purifying, nutritive and balancing properties from the island of Ceylon hold the power to nurture you.

These were secrets that were once shared in hushed whispers, but today, the wellness rituals of Old Ceylon are ready to be discovered and experienced by the world. Answer the call of the Whispering Island.

A heritage of creating beautiful things

The seeds of Whispering Island were first sown in 1941 with a collection of products that were carefully crafted using handpicked indigenous ingredients from nature. A pioneer of herbal beauty treatments, the company soon became the market leader and quintessential Sri Lankan beauty brand that combines our ancestors' beauty rituals with a stylish, modern, aesthetic. Decades later, the brand has woven into the very skin of Sri Lanka and is world renowned for a wholly natural, intrinsically authentic experience that whispers through time.

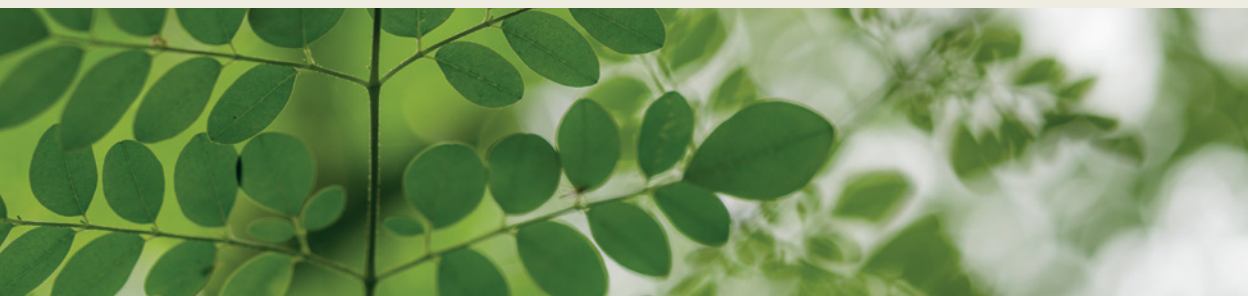

Margosa Healing

Margosa's antibacterial benefits are gentle on the skin, while its remarkable skin-repairing qualities ensure healing and rejuvenation without causing dryness or irritation.

Coconut Hydrating

The ethereal qualities of Coconut include abundant fatty acids that repair the skin's natural lipid barrier. This maintains skin smoothness, hydration, and a supple appearance.

Moringa Rejuvenating

The seraphic Moringa carries antioxidants that help to combat skin-damaging molecules and counter premature aging, fine lines, wrinkles, and age spots.

Sandalwood Glowing

Ancient Sandalwood enhances your natural radiance and bestows a transcendent glow. Regular use effectively reduces dark spots and pigmentation for a uniformly even skin tone.

Cinnamon Exfoliating

Cinnamon's timeless goodness with natural enzymes is a gentle yet effective exfoliant. It removes dead skin cells and impurities, unveiling a smoother, radiant complexion.

Vanilla Moisturizing

The mystical essence of Vanilla contains helpful sugars that attract and retain moisture, ensuring the skin is hydrated.

Giving back to society in every way

From the very beginning, it has been inherent in the DNA of Whispering Island to give back to nature what we take from it, which is also the very premise of Ayurveda. From empowering local families and workers by paying them a fair price and wage, to supporting the potential and grassroots empowerment of children from the rural population, to ethically sourcing ingredients from farmers who use environmentally sound farming practices, to manufacturing that ensures we deliver a sophisticated product that is conscientious about the environment, we strive to give back to society with ethics and integrity.

Clean, natural, cruelty-free beauty

The ayurvedic standard for beauty has always been pure, fresh and natural. Across all our solutions, we maintain the highest standards of quality and purity by carefully controlling the conception, formulation and manufacturing. We follow this philosophy every single day on all our treatments. And all our certifications and quality standards attest to this.
